Please contact us for custom pricing on:

- Adding more than 3 custom questions
- Testing more than 2 concepts at a time
- Custom sample frames (e.g., women only)
- Advanced analytics such as driver analysis or word click analysis
- Similar products to test packaging, messaging, or product names

With directSCREEN you can:

- Make critical go/no-go decisions
- Identify areas to refine for further development and/or testing
- Identify specific likes and dislikes of your concept for focus in marketing and communications
- Identify the demographic profile of likely concept acceptors
- Collect key data for use in capital pitches

Methodology:

DirectSCREEN is fielded among an Internet-Representative sample of adults 18 or older. The survey consists of a standard battery of survey questions and up to 3 custom questions per execution.

Standard survey measures include:

- Overall Appeal/Likeability
- Specific Likes & Dislikes
- Uniqueness
- Believability
- Relevance (i.e., addresses a current consumer need)
- Call to Action (e.g., purchase/subscription), un-priced and priced, if appropriate
- Key Demographics (e.g., age, gender, income, region, ethnicity, household composition, etc.)
- Select Attitudinals (e.g., tech savvy, family orientation, trendiness, etc.)

Two sample size options depending on your specific needs:

- N=400: Optimal for assessing broad concept appeal and performance on key metrics on total
- N=1,000: In addition to testing broad concept appeal and performance on key metrics, this option offers a larger sample size that will allow for more sub-breaks of your key metrics and demographic profiling of concept acceptors

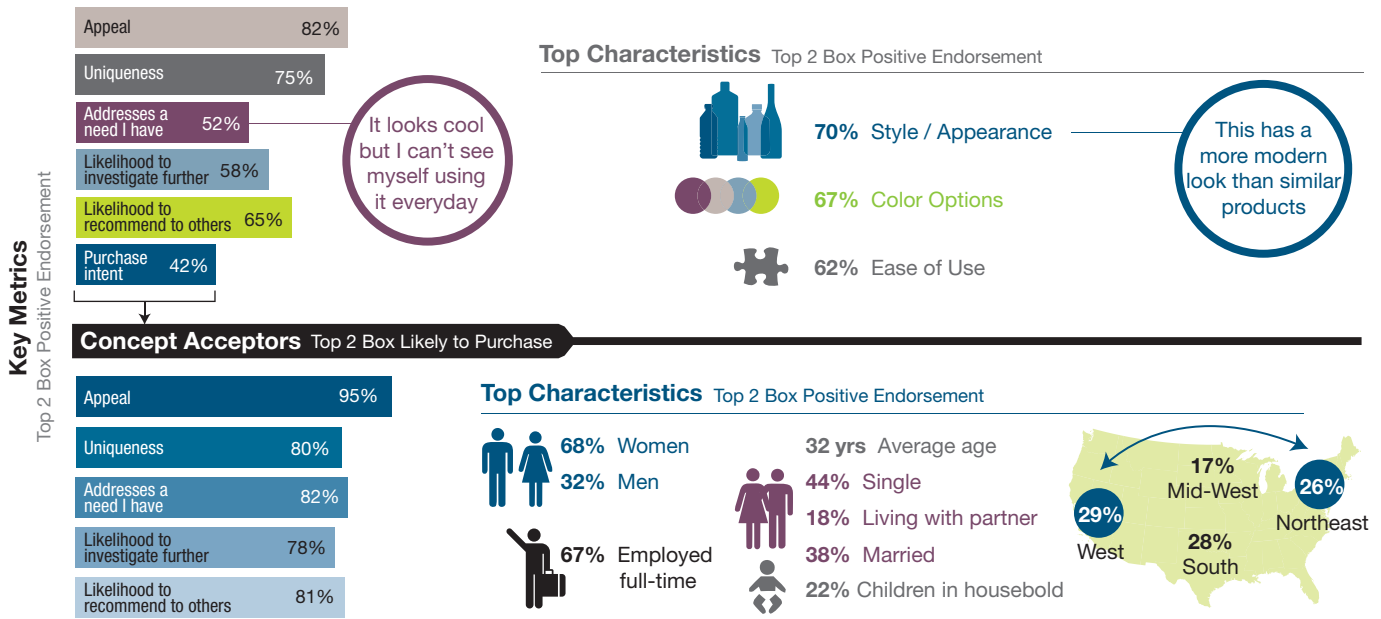

Deliverables:

- Two sets of data tables with standard banners (demographics and concept metric breaks)
- Raw data
- A 5 page key metric summary in PowerPoint

Timing:

Key metric summary and data tables will be available within 7 business days of receiving final custom questions, if applicable. Note, holidays may impact timing.
